

# Reduce Your Risk of Coronavirus

## Clean

your hands with soap and water or alcohol-based hand rub.

## Avoid

close contact with anyone who is experiencing flu-like symptoms.

## Cover

your nose and mouth when coughing or sneezing. Use a tissue or a flexed elbow.

If you develop a cough, fever, or difficulty breathing and have traveled recently with a widespread outbreak of COVID-19, you should consult the CDC's guidance for travelers, which is regularly updated as the situation changes.
